

Universal Food Choppers

The food chopper is an invaluable aid in the kitchen, as it makes possible many toothsome dishes from matter that would otherwise be hard to utilize. It chops all kinds of meat, raw or cooked, and all kinds of fruit and vegetables into clean-cut, uniform pieces without mashing. Self-cleaning, self-sharpening, it will last a life-time doing good work. Call and let us show you these.

Veteran? Yes—the oldest Ford is just ten years young—this month. And its youngest brother is the choice of the lot—a better car than those we built not long ago and sold at nearly twice its price. Big production makes the Ford price low.

More than 275,000 Fords now in service—counting evidence of their wonderful value. Model T, \$625. Touring Car, \$660; Coupe, \$750. Sedan, \$800. HARRY WELCH IS BUSY AT CANNING PEACHES

But He Would Like to be Busier Yet—Gossip of the Trade Board

The season has come for canning peaches.

This does not mean that this time of year it is proper to discharge the stenographer. It simply means that Harry Welch is now engaged in preserving specimens of the best fruit the valley produces. Besides peaches, apricots are also being canned now at the board of trade, and a long haul has gone out for more of this sort.

The long stem and the short grain are being washed out and made ready for addition to the already large family of fruit exhibits in the board of trade office. As fast as proper specimens are brought in, they will be pickled and set up in nice neat rows with the other stuff and marked with the name of the contributor.

It was announced from the board of trade yesterday that all those who paid the sum of \$5.65 for their tickets to Bay on the Mines excursion may enter into the office of the board and collect four bits of it back in rebate. This is a rebate that is positively not against the law, and many will make advantage of it, just to see what it feels like to get something back from a railroad. The original rate was lowered to \$5.65, and all those who bought early in the game have half a dollar coming to them.

Membership Committee

A joint meeting of farmers and membership committee will be the main happening in the board of trade the end of this week. On Saturday afternoon, beginning at one o'clock farmers from all parts of the valley will meet with the membership committee to discuss getting more of the rural dwellers interested in the work of the board and on its rolls.

It is now well known that not more than one case of rheumatism in ten requires any internal treatment whatever. All that is needed is a free application of Chumherlain's Liniment and massaging the parts at each application. Try it and see how quickly it will relieve the pain and soreness. Sold by all druggists.—(Advertisement.)

FIRE DESTROYS RANCH HOME OF BEN YAEGER

Cottage Near Glendale Burns While Help is Sought in Vain

Five of an unknown origin entirely destroyed the frame cottage of Ben Yaeger, three miles northeast of Glendale, Monday afternoon. The flames spread so rapidly that nothing could be done to stop them, and as it was too far away for a fire department to respond from the town the house burned with everything in it.

Mrs. Yaeger was just ready to leave for Chicago and had her clothes packed and ready for the wagon when the fire broke out. Everything she had was consumed, necessitating delaying her departure.

The house and all its contents were insured, though there were some things whose intrinsic worth will make it impossible to replace them.
